

Allstate Advanced Funding ExchangeSM Notice

Policy Number: 0000000001

Date: June 1, 2003

In light of federal tax law created by H.R. 2884, Internal Revenue Code Section 5891, and related state legislation, Allstate Assignment Company ("Allstate Assignment"), in certain circumstances, will consider permitting an arrangement whereby a structured settlement payee may obtain an immediate lump sum payment in exchange for his or her rights to future guaranteed structured settlement payments (hereinafter, an "Advanced Funding Exchange").

Although structured settlement agreements and accompanying annuities typically are designed to provide future payments on a fixed schedule, many payees decide that, due to unforeseen financial circumstances, or for other reasons, an Advanced Funding Exchange may be in their best interests or the best interests of their family members. Consistent with applicable federal and state statutes, it is likely that Allstate Assignment will permit only those Advanced Funding Exchanges that are approved by a court or applicable administrative authority. An Advanced Funding Exchange may require the payee to enter into a contractual relationship with Allstate.

All requests for Advanced Funding Exchanges should be submitted, by the involved payee, to Allstate Assignment in writing and sent to Allstate Assignment Company, Attention: Payout Annuities, AFEN, 3100 Sanders Road, M3B, Northbrook, IL 60062.

Allstate Assignment will consider each Advanced Funding Exchange request on a case-by-case basis and reserves the right to decline any request.
