About me

Industry [Investment Banking](#)

Location [Columbia, Maryland](#)

Introduction

As any good man, I am family first, enjoying my children, teaching them success in everything from how to build and plenty about business. I am a professional structured settlement broker, a real leader in the industry of structured settlements with a nice size staff of attorneys and affiliates nation-wide. Our firm considers itself the real leader in structured settlements, because we truly care. Our firm offers non-stuffy lawyers and affiliates, though they know their business, they relate to the common man and families. We know you deserve the most for your settlement, and we're the ones to give it to you.

Interests

[Home, family, and corporate duties. Buying and selling structured settlements, helping others free up their assets, getting lump sums of cash instead of slow rolling monthly payments on a law suit won, or lottery earnings.](#)
