## Producer Search

Please enter one or more search criteria below. You may enter either the Producer's Last Name or the Firm Name in the Search. If left blank, the search results may include both Producer Individuals and Firms.

If you do not know the full name of the Producer or the Producer's Firm, place an \* (asterisk) next to the part of the name you do know.

If you encounter a producer listing with no address or phone number, that only means that a business address and phone number have not been provided.

Lists of results are limited to 100. If your search returns more than 100 results, you should try to refine your search. For more extensive lists of all licensed producers in Maryland, you may also refer to our predefined [Producer Licensee Lists](#)
