Product

Open Platform for finding work and workers. For people: The easy way to find work, build your "work-graph," and create your own safety-net. For companies: Easy and flexible access to workers in real time with rating and trust at the core. Powerful tools to create millions of "free workers" and help reverse the unemployment trend.

“

Two industries are piquing my interest in social media right now - sports and fashion. Interesting thing brewing on the horizon.”
