Summary

I provide the most detailed and reliable leads in the industry. Each lead is personally pulled and verified from court records and researched extensively to include things such as all contact info with addresses, phones, social media, email, relatives with settlements, previous sales, payment stream, etc. I also pull petitions and annuity contracts and settlement agreements when available and provide those as well. I have about 1,000 of these from 2014-present and many include multiple family members. Other people who sell leads simply buy them from runners or court clerks. I do it all myself and put my heart and soul into them to get them correct.

I currently have close to 8,000 leads currently available from 2013-present.

I have run 2 research departments at factoring companies and I was the one in charge of procuring leads. However, all I would get was basically a list from a court clerk with names and some addresses. Therefore, our research department would have to search for all updated info. I do all of this for you. It's all on a spreadsheet so you can see every detail available about each annuitant. My leads are the most detailed available and are ready for your sales team to pounce on these people. Half of the battle is getting in touch with the annuitant and I make that as easy as possible for you.

I am currently pulling leads every day so am on top of what is being filed daily..
